OIL:

\$37

BIOFEEDBACK
TEST KIT:

\$77

IMPORTANT NOTES:

- Each herbal remedy is available in an ethanol base [ETH] or an apple cider vinegar base [ACV]. The function of the formula is the same; The ethanol goes into the bloodstream more quickly, and the ACV is processed through the gut. For the most severe infections, we recommend using both bases.
- The remedies in the apple cider vinegar base do not come with droppers, but are instead sealed with caps. This is because the ACV will gradually break down the plastic in the dropper over time and the 'mother' often clogs the dropper. However, droppers are available for purchase separately.

OTHER INGREDIENTS:

| Formula with Ethanol Base also contains: 20% Natural Grain Spirits contains 20% and distilled water. |

| Formula with Apple Cider Vinegar Base also contains: Apple Cider Vinegar-Based Formula Certified Organic Raw, Unfiltered, Unheated, Unpasteurized, and 5% acidity apple cider vinegar. |

Through Bio-Resonance scanning, we are able to identify the specific frequencies of a wide spectrum of infections, diseases, toxins, parasites, and many other common health irritants. Once identified, we are able to formulate our herbal extracts to match these frequencies in a way that will provide the body with the bio-information it needs to facilitate its own energetic antimicrobial, detoxification, & other control systems. As this kind of progress grows, the symptoms fall away. So essentially, it is not only a formula of herbs, but also of frequencies that work hand-in-hand with God's design of the human body, instead of doing for the body what the body should do for itself.

JERNIGAN NUTRACEUTICALS PRODUCT REFERENCE BY CONCERN

Customer-Reported Concern*	Product To Support Your Body's Natural Mechanisms***	Recommended Base**	Pair With
Lyme Disease	Borrelogen	Ethanol	Neuro-Antitox II Formula
	Lymogen	Ethanol & ACV	
	Microbojen	Ethanol	
Ammonia & Neuro-Toxins	Neuro-Antitox II Basic	Ethanol	
	Neuro-Antitox II Cardio	Ethanol	
	Neuro-Antitox II CNS/PNS	Ethanol

	Neuro-Antitox II Cardio	Ethanol	
	Neuro-Antitox II CNS/PNS	Ethanol	
	Neuro-Antitox II Musculo	Ethanol	
Yeast-Ease	Ethanol		

PRODUCT REFERENCE BY PRODUCT TITLE

EVERY JERNIGAN NUTRACEUTICALS FORMULA IS INTENTIONALLY DESIGNED TO WORK ON MULTIPLE LEVELS WITHIN THE BODY. THE SPECIALTIES BELOW HIGHLIGHT ONE OF THE PRIMARY AREAS OF SUPPORT FOR EACH PRODUCT, THOUGH EACH FORMULA OFFERS A BROADER SPECTRUM OF NATURALLY SUPPORTIVE PROPERTIES.

Product To Support Your
Body's Natural
Mechanisms***

Customer-Reported Concern*

MORE INFO

Product To Support Your Body's Natural Mechanisms***	Customer-Reported Concern*	MORE INFO
Allermac	Allergies, mucus accumulation	JNutra.com/Allermac 
Bio-Maclurin	"Natural Antibiotic." Bacterial infections, mild viral infections, general toxicity.	JNutra.com/BioMaclurin 
Blue Sage	Toxicity	JNutra.com/BlueSage 
Borrelogen	Various U.S. and European strains of Borrelia burgdorferi, viruses.	JNutra.com/Borrelogen 
Cytogen	Biofilms, hormone imbalances, high blood pressure, imbalanced blood sugar	JNutra.com/Cytogen 
Lymogen	Bartonella, various U.S. and European strains of Borrelia burgdorferi, and all the normal Lyme co-infections	JNutra.com/Lymogen 
Macola Oil	Lichen sclerosus, burns, scars, superficial wound recovery, tick/insect bites, and various skin conditions (including eczema)	JNutra.com/Macola 
Microbojen	Severe and complex microbe, bacteria, prion, and mycoplasma, and viral infections	JNutra.com/Microbojen 
Molybdenum	Aldehyde toxicity, candida die-off	JNutra.com/Molybdenum 
Neuro-Antitox II Basic	Global Lyme toxins, ammonia, and heavy metals toxicity	JNutra.com/Basic 

Neuro-Antitox II Cardio	Lyme toxins, ammonia, and heavy metals toxicity affecting the cardiovascular system	JNutra.com/Cardio 
Neuro-Antitox II CNS/PNS	Lyme toxins, ammonia, and heavy metals toxicity affecting the central and peripheral nervous systems	JNutra.com/CNS 
Neuro-Antitox II Musculo	Lyme toxins, ammonia, and heavy metals toxicity affecting the musculoskeletal system	JNutra.com/Musculo 
Paragen	Parasitic infections, including malaria, roundworms, tapeworms, and more	JNutra.com/Paragen 
Pomifitrin	Stress, treatment fatigue, abnormal cell replication, hormone imbalances	JNutra.com/Pomifitrin 
Protection Shield	Blocks harmful contaminants (cleaning products, pathogens, etc) from being absorbed through the skin	JNutra.com/ProtectionShield 
Silphitrin	Neurotoxins, ammonia, topical pain (topically), toxic rashes (topically)	JNutra.com/Silphitrin 
Virogen	Mild and severe viral infections	JNutra.com/Virogen 
Xera-Tox	General and Lyme disease toxins	JNutra.com/XeraTox 
Yeast Ease	Mold toxicity, 5 of the most common strains of candida overgrowth	JNutra.com/YeastEase 
Yeast Ease Plus	Mold toxicity, all 5 common strains of candida overgrowth, toxicity	JNutra.com/YeastEasePlus

* “Customer-Reported Concern” reflects common wellness themes customers share when seeking general support. It does not indicate diagnosis, treatment, or cure.

** Recommended Base: Each formula is available in either an ethanol (ETH) or apple-cider-vinegar (ACV) base. Both contain the same herbs. The ethanol base enters the bloodstream more quickly, while the ACV base is processed through the gut. For those with more complex wellness goals, many customers choose to use both bases together.

*** Regulatory Notice: These statements have not been evaluated by the Food and Drug Administration. Jernigan Nutraceuticals products are not intended to diagnose, treat, cure, or prevent any disease. Each formula is crafted to support the body’s structure, function, and innate self-regulation through bio-resonance scanning, small-batch herbal extraction, and frequency-matched formulation.

General Use Notice: These are broad educational guidelines, not strict requirements. All Jernigan Nutraceuticals formulas are designed to work harmoniously together. You are free to choose your preferred base or combination of products according to your body’s unique needs or your healthcare provider’s recommendations.
